

AECOM awarded US\$30-million program management contract for Delhi Mumbai Industrial Corridor in Gujarat, India

AECOM announced today that it has been awarded a program management contract for the Dholera Special Investment Region (DSIR) in Gujarat, India, for the Delhi Mumbai Industrial Corridor (DMIC). The US\$30-million contract has a base period of five years, with an option to extend for additional five-year terms. AECOM will provide full program management services for the DSIR as part of the DMIC Development Corporation's new cities infrastructure program. The program aims to transform India's manufacturing and service base by developing a number of smart, sustainable and industrial cities along the DMIC — a 921-mile long corridor between Delhi and Mumbai. The 347-square-mile DSIR township will be the first city implemented under the program.

"AECOM is honored to play a part in this key program as it works to expand India's manufacturing and services base, as well as contributes to the development of the DMIC into a global manufacturing and trade hub," said John M. Dionisio, AECOM chairman and chief executive officer. "We look forward to the opportunity to draw on AECOM's global expertise in order to build a smart, sustainable city."

The Dholera region comprises 22 villages that will be incorporated as part of the master plan. AECOM's project scope consists of implementing all base infrastructure, including water supply, sewerage, roads, highways, power and rail; performing extensive flood-control and drainage measures to protect the future city; and overseeing the development and execution of all public-private partnership delivered projects, such as the rail connecting Ahmedabad to Dholera, industrial (tertiary) wastewater treatment and potable water treatment plant.

The DSIR will be built in three phases with the estimated construction value for the Phase 1a (2013-2018) base infrastructure to be worth more than US\$2 billion.

About AECOM: AECOM is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM is a leader in all of the key markets that it serves. AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural, and social environments. A Fortune 500 company, AECOM serves clients in more than 140 countries and had revenue of \$8.2 billion during the 12 months ended March 31, 2013. More information on AECOM and its services can be found at www.aecom.com. Forward-Looking Statements: All statements in this press release other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including any projections of earnings, statements of plans for future operations or expected revenue. Actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause actual results to differ materially from our forward-looking statements are set forth in our quarterly report on Form 10-Q for the fiscal quarter ended March 31, 2013, and our other reports filed with the U.S. Securities and Exchange Commission. AECOM does not intend, and undertakes no obligation, to update any forward-looking statement.

Mahindra awaits land from govt for World City at Dholera

Mahindra Lifespace Developers Ltd, the real estate and infrastructure arm of the Mahindra Group, is keen to set up an integrated business city at Dholera, and is awaiting land from the state government for the project. The company has recently approached the state government to set the ball rolling, claimed sources.

For the Mahindra World City (MWC) project, the company had signed a memorandum of understanding with the state government in the Vibrant Gujarat Summit in 2011.

According to the MoU, the plan was to set up an integrated business city in the lines of the MWC over 3,000 acres at Dholera special investment region for an investment of around Rs 2,000 crore.

Anita Arjundas, managing director & CEO, Mahindra Lifespace Developers Ltd (MLDL), said, "We signed an MoU in Vibrant Gujarat two or three years back for a MWC in Dholera special investment region of Delhi-Mumbai Industrial Corridor. We are awaiting the land from the Government to be able to take it forward."

A senior official in the state government informed that MLDL had indeed approached the state government for taking the project forward. It even invited officials from a state government division to visit the MWC at Chennai to get a look and feel of how the proposed project would shape up. "They are definitely keen and are working on taking it forward. So far no land has been allotted to the MWC, work is on," said the official.

MLDL currently operated two MWCs, one at Jaipur in Rajasthan and the other at Chennai in Tamil Nadu. "As far as the current MWCs are concerned, there are over 100 customers who have taken up around 1500 acres. Current employment at 35,000 and current exports at Rs 6,700 crore and current investments of over Rs 4,000 crore by the companies at MWC Chennai and Jaipur," Arjundas informed.

Some of the major clients who have set up shop at the existing MWCs include Deutsche Bank, Genpact, Infosys, Tech Mahindra, Wipro, Brakes India Ltd, Sundaram Clayton, Sundaram Fasteners, Timken India, JCB Excavators, State Bank of India, BMW India, Federal Mogul, among others.

While combined exports from the two MWCs rose by 39 per cent in FY13 on a year-on-year basis, combined direct employment rose by 16 per cent during the fiscal. The Gujarat MWC, when fully operational can create employment for over 100,000 persons and attract investments in excess of Rs 10,000 crores.

Apart from special economic zones and domestic tariff areas, the MWCs also house residential complexes, and facilities for retail, leisure and hospitality.

Our Esteem Investors across India

It was very professional yet very friendly feeling that I have observed during our site visit before making an Investment. I am proud owner of Plots in DMC 5002. I have also being referring my family and friends for this project as this is a lifetime opportunity.

- Mr. Madan Lal, Jaipur

Satisfied clients
make us
happy.

More than the Investment the relation with the operating team matters. They are always ready to answer the query no matter which dept. it belongs to. Accounts, Sales, After sales, IT etc. All are ready to assist.

-Mr. Navalkumar Jain , Pune

I was overwhelmed by the gesture meet out to me during my site visit. It was my second site visit and you guys have responded all my queries very satisfactorily. Each and every concern was properly listened and adequately responded. I feel blessed to have Dholera metro city as my investment destination. Above all the staff was exceedingly courteous and very knowledgeable.

-Mr. Dipak Bhatt, Kolkata

Our Esteem Investors World Wide

I recently registered my plots and the process was a calk walk. I my special thanks to Venu for talking care of the registration process from beginning to the end. I would highly encourage investment in DMC.

- Mr. Rajat Patel, Germany

I went on a site visit to see the new property of metro city , Dholera Smart City and its my favorite!, This will be a good location to buy property in metro city at Dholera Smart City

-Mr. Chandrakant Patel, Kuwait
