

L&T to construct 10 MLD sewage treatment plant in DMIC Dholera

Work is expected to begin soon on a Sewage Treatment Plant (STP) with a processing capacity of 10 Million Liters per Day (MLD) in the proposed Dholera Smart City of the Delhi Mumbai Industrial Corridor (DMIC) with the contract awarded to construction group L and T.

The Dholera Industrial City Development Limited (DICDL) has awarded the work to L&T on Engineering, Procurement and Construction (EPC) basis, with a proposal to build 10 MLD with two streams of 5 MLD each in the current phase of development. The STP will be expandable up to 30 MLD to cater to future requirements of Dholera City.

It will be constructed and commissioned in three modules and will have state-of-the-art infrastructure including Sewage Treatment Plant, Sewage Pumping Stations (Intermediate/Terminal) and Master Balancing Reservoir-Recycled Water.

The total proposed project area for Dholera is approximately 920 sq. km and it is a major node of the DMIC strategically located near the industrial cities of Vadodara, Ahmedabad, Rajkot, Surat and Bhavnagar.

Since the entire trunk infrastructure cannot be implemented in a one go, a phased approach has been adopted for Dholera and an Activation Area of 22.5 sq. km has been identified for development in the first stage.

Sustainability is at the core of the Dholera city design and it is targeting zero waste discharge with 100% recycling and maximum usage of recycled water.

The STP, a key component of the Phase I trunk infrastructure development in Dholera, will set new benchmarks for other projects in terms of sustainability and ensure a clean, habitable environment for industrial, residential and commercial activities in the city.

Transaction advisors appointed for Dholera airport

Delhi-Mumbai Industrial Corridor Development Corporation on Friday said it has appointed transaction advisors for the greenfield Dholera airport in Gujarat.

The advisors have been “tasked with analysing and evaluating various plans, including detailed project report prepared by the Airports Authority of India and suggesting a suitable mode of implementation,” the corporation said in a statement.

PricewaterhouseCoopers in consortium with Airport Planners and Design Consulting Pvt Ltd and SPA Legal, has been named transaction advisors for the airport which will be built over 1,426 hectares,” it said.

The airport will serve the logistical requirement of a key node — the Dholera special investment region of the Delhi-Mumbai Industrial Corridor (DMIC).

Global hub

This region is being implemented by the Centre in partnership with the government of Gujarat and is being designed as a global hub for economic activities, equipped with world-class infrastructure and civic facilities.

It said the airport project is being managed and executed by a special purpose vehicle, the Dholera International Airport Company Ltd.

All necessary approvals, including a no-objection certificate from the Ministry of Defence, site clearance from the Ministry of Civil Aviation and environmental clearance have already been obtained, it added.

An aviation zone and MRO facility have also been planned over 2,500 hectares of adjacent government land, it said.

The \$90 billion project is aimed at creating mega industrial infrastructure along the Delhi-Mumbai Rail Freight Corridor. Japan is offering aid for the project.

Our Esteem Investors across India

So far it has been a wonderful association with you all. The best thing is that you are very approachable and every time I had a query you had solved it to the best of my satisfaction. Hope the same momentum will continue in future as well and this

- Mr. Bharat Gaur, Faridabad

Satisfied clients make us happy.

It was very professional yet very friendly feeling that I have observed during our site visit before making an Investment. I am proud owner of Plots in DMC 5002. I have also being referring my family and friends for this project as this is a lifetime opportunity.

-Mr. Siril Barot , Mumbai

Visit to Dholera Metro City was a good experience and i was taken good care of by the developers throughout my journey. The visit gave me an insight in to things to come in the shape of Dholera Special Investment Region.

-Mr. Avinsh Chatarji-Kolkata

Our Esteem Investors World Wide

They were very particular about me till they dropped me to my destination. I will definitely invest in another plot soon. Overall my experience with DMC is fabulous. Hats off to your team.

- Mr. Rajen jain, Paris

DMC Site is very nice and event upadation is extraordinary, Great Response Communication is very clear, Site Visit 100% Satisfaction as well as System also Transparency.
