

Tata-PSMC Semiconductor Plant in Dholera Advances Rapidly; Civil Work Nears Halfway Mark

Dholera (Gujarat) – Work on the upcoming Tata-PSMC semiconductor fabrication plant in Gujarat’s Dholera Special Investment Region (SIR) is progressing at a fast pace, with nearly half of the civil construction already completed, according to officials who briefed a visiting Japanese delegation recently.

The horizon of the Dholera Special Investment Region (SIR) in Gujarat is no longer defined by empty salt flats, but by the rapid ascent of steel and concrete. At the heart of this transformation is the Tata-PSMC semiconductor plant, a project moving at a “fast-track” velocity rarely seen in large-scale infrastructure. This single project represents a landmark Rs. 91,000 crore investment.

This facility represents the vanguard of India’s semiconductor ambitions, a sector that has recently received a massive boost from the state government with a specialised Rs.15 crore security grid—a “digital fence” of AI-driven surveillance designed to protect the high-stakes manufacturing zone.

Recent assessments from technical experts and the steady hum of on-ground activity confirm that the project has reached a critical tipping point. It was found that 45% of the civil construction work is already complete. This is a monumental feat, as semiconductor fabrication units require incredibly complex foundations to support vibration-sensitive equipment and massive cleanroom environments. This progress aligns with the Gujarat government’s broader commitment to ensure all core infrastructure in the region is ready by June 2026.

India's Gateway to Silicon

Gujarat Government Announces Gujarat Semi Connect Conference 2026

Mahatma Mandir, Gandhinagar | 1st & 2nd March 2026 | 09:30 AM onwards

Global Leaders | Country Roundtables | Deal Rooms | Curated B2B/B2G | Guided Dholera Semicon City Tour

With global semiconductor giants gathering in Gandhinagar on March 1-2, 2026, Gujarat SemiConnect 2026 is set to unveil infrastructure, partnerships, and policy vision set to redefine India's self reliance journey.

Gujarat is set to showcase its ambition as India's semiconductor powerhouse with the Gujarat SemiConnect Conference 2026, scheduled for 1–2 March at Mahatma Mandir, Gandhinagar. The landmark event aims to accelerate India's self-reliance in chip manufacturing, design, and advanced packaging, aligning with the India Semiconductor Mission (ISM) and the Atmanirbhar Bharat vision.

Driving India's semiconductor future

Now in its third edition after successful runs in 2024 and 2025, SemiConnect has evolved into a credible, outcome-oriented forum uniting fabs, foundries, ATMP/OSAT units, EMS players, design houses, startups, academia, and investors. The 2026 edition will act as a catalyst for industrial capacity, technological competitiveness, and global partnerships.

Gujarat's strategic edge

The State's rise as a semiconductor hub rests on integrated industrial zones in Sanand and Dholera SIR (special investment region), designed for fabs, ATMP/OSAT (assembly, testing, marking, and packing/outsourced semiconductor assembly and test) units, EMS (electronic manufacturing services) players, and chip design ecosystems.

Infrastructure readiness includes fully serviced industrial land, reliable power, assured water supply, advanced wastewater treatment, and connectivity to national corridors and Mundra Port. This is reinforced by a proactive governance framework, featuring single-window clearances and a dedicated Semiconductor Mission that ensures time-bound approvals.

Policy and industry engagement

The conference will enable direct dialogue between Central and State leadership and global CXOs to harmonise policy frameworks, fiscal incentives, and regulatory regimes with industry roadmaps. Delegates will also gain exposure to advanced infrastructure in Sanand, Dholera SIR, and the GIFT International Financial Services Centre, which is emerging as a hub for diversified financing instruments for large-scale technology projects.

Programme highlights

Day 1 inaugural session : Will be led by Union Minister Shri Ashwini Vaishnaw, Chief Minister Shri Bhupendra Patel, Deputy CM Shri Harsh Sanghavi, and Gujarat's Science & Technology Minister Shri Arjun Modhwadia.

Panel discussions: Will cover advanced semiconductor nodes, infrastructure development, financing models via GIFT IFSC, research collaboration, workforce skilling, and strengthening domestic printed-circuit board (PCB)/component manufacturing.

Day 2 roundtables: Dedicated sessions with Japan and Taiwan to explore technology transfer, investment opportunities, and long-term bilateral cooperation.

TESTIMONIALS

Mansi Patel, Mayank bhai Patel, Archana kori
Today we visited about dholera side so thank you
very much to mansiji,Archanaji and mayankji. ...

Fabulous experience with the Dholera Sir Team and
especially with Mr Jayveer and Ms Kashish who
have the adequate knowledge about the product for
resolving all queries and to bring confidence and
satisfaction for the customers for decision ... [More](#)

If you want to invest your hard earned money in
Dholera please invest with a geniune people like
them...The most trusted and transperant company
in that area..Thank u so much mayurika ji...Highly
recommended

**Team is very supportive. They have shown each &
everyplace with all details. Specially Jagdish bhai
& Kashish greeted very warmly.**

Great project to invest
and DMC is very
cooperative which helps
at each step and Pooja
from DMC client
servicing is really helpful
and explains everything
in detail at each step.

WHO WE ARE MEET US!!

M/s. Dholera Metro City Group was incorporated with a objective to create value for the customers by ensuring a sure but steady appreciation and returns for our customers hard earned money. M/s. Dholera Metro City Group is rapidly evolving to become a global provider of premier lifestyles.

Dholera Metro City Group is engaged into the business of developing marvels out of the stone. Our objective is to ensure that each of our customers creates wealth by way of value appreciation of his/her prized possession their own space at Dholera Metro City. Dholera Metro City is an ideal destination for both end-users as well as investors looking for owning their Plot near New International Airport at Dholera Special Investment Region in Delhi Mumbai Industrial Corridor. Sometimes you need to change for the better. And that is exactly why, after spending all our life in real estate, we decided to establish a new distinctive organisation

with a fresh and futuristic approach to the real estate. Dholera Metro City Group simply means more ambitious projects, focused management, next-generation construction quality, futuristic features and much more that exceed your expectations. Welcome to new-age in real estate.

Welcome at Dholera Special Investment Region.

1. Dholera Metro City Group was incorporated in 2010.
2. DMC GROUP was conceived as a professional group to satisfy the needs of the discerning Residential/Industrial/Commercial Investment customers interested in sure returns on their investments.
3. The company endeavors to provide value for money to its customers.
4. Moreover, as a commitment to its stakeholders, The DMC GROUP has incorporated best business practices through business ethics and innovative solutions to achieve world class standards.
5. DMC GROUP has a clear objective of to create value for money for their customers by ensuring a sure but steady appreciation and returns for their customers hard earned money;
