

L&T Vyoma to invest Rs 25,000 cr for green AI-ready data center campus at Dholera, Gujarat

Larsen & Toubro (L&T)'s data centre wing Vyoma has signed a pact with Gujarat's Department of Science & Technology to set up a 250 MW green AI-ready hyperscale data center campus at Dholera with a proposed investment of Rs 25,000 crores.

Gujarat's deputy chief minister Harsh Sanghavi announced the signing of pact between the state government and construction major at the AI Impact Summit, saying, "Gujarat takes a giant leap in AI infrastructure."

"At the India AI Impact Summit 2026, the Department of Science & Technology, Government of Gujarat signed an MoU with L&T Vyoma to explore setting up a 250 MW Green AI-ready Hyperscale Data Center Campus at Dholera Special Investment Region," he wrote in a post on X.

Sanghvi added that this initiative will strengthen Gujarat's position as a leading destination for AI, cloud and sustainable digital infrastructure with a proposed investment of Rs 25,000 crore.

Earlier on February 16, L&T Vyoma launched its Sovereign Cloud Platform (SCP), positioning it as an AI-first cloud infrastructure designed to meet the growing enterprise and public-sector demand for data sovereignty, regulatory compliance and secure AI adoption.

SemiConnect 2026: 'Talent, social infra, ecosystem for ancillary investments essential in Dholera'

Gandhinagar: CEOs of global firms present at the Gujarat SemiConnect 2026's inauguration emphasized the need for a better ecosystem encouraging ancillary investment, the right talent and social infrastructure in Sanand and Dholera to further boost the semiconductor manufacturing sector. "Timely development of social infrastructure is essential to support the workforce at Dholera. We currently have at least 7,000 people working on site and at peak, will have 20,000 jobs," said Randhir Thakur, CEO and MD, Tata Electronics.

Tata Electronics, along with Taiwan's PSMC, is building a Rs 91,000-crore AI-enabled semiconductor fabrication facility at Dholera.

Thakur also added that the project is backed by strong physical infrastructure. "A new four-lane highway reduced travel time to 60 minutes. Redundant, clean and uninterrupted power supply was secured, along with more than 100 million litres per day of water capacity. An international air cargo terminal and high-speed rail connectivity are also in the pipeline, significantly enhancing accessibility for global partners. We already onboarded expats from 16 countries; 300 of our employees are trained in Taiwan, bringing skills from process engineering tools to lithography to Gujarat."

Micron, which on Saturday inaugurated Phase 1 of its ATMP plant at Sanand, highlighted the importance of speed and local presence in the semiconductor supply chain.

Sanjay Mehrotra, chairman, president and CEO of Micron Technology, said, "In semiconductors, the supply chain must move at the speed of light. Proximity matters. Local presence and local end-support and services matter. When the equipment is down, we need spare parts immediately, as speed is the competitive advantage in this era. We encourage our partners to think about how you deepen and expand your footprint here in India, closer to where the action is."

Industry experts also sought support for accommodation. "At present, a majority of personnel working at Sanand stay in Ahmedabad, which adds about 2 hours of daily commute time. To reduce this, it is important that housing and accommodation facilities and, subsequently, social infrastructure like schools, hospitals and recreational facilities are also set up there. A number of expats come in for these projects, as a result of which food and other supplies also need to be ensured," an industry leader told TOI, requesting anonymity.

TESTIMONIALS

Mansi Patel, Mayank bhai Patel, Archana kori
Today we visited about dholera side so thank you
very much to mansiji,Archanaji and mayankji. ...

Fabulous experience with the Dholera Sir Team and
especially with Mr Jayveer and Ms Kashish who
have the adequate knowledge about the product for
resolving all queries and to bring confidence and
satisfaction for the customers for decision ... [More](#)

If you want to invest your hard earned money in
Dholera please invest with a geniune people like
them...The most trusted and transperant company
in that area..Thank u so much mayurika ji...Highly
recommended

**Team is very supportive. They have shown each &
everyplace with all details. Specially Jagdish bhai
& Kashish greeted very warmly.**

Great project to invest
and DMC is very
cooperative which helps
at each step and Pooja
from DMC client
servicing is really helpful
and explains everything
in detail at each step.
